

## 1. LUST CAUSE

### *Wanderlust, Singapore*

---

Set in a 1920s former school building in the island's Little India, this hotel stands out from the area's frenetic clamour with exuberant interiors courtesy of local design studios Asylum, DP Architects, fFurious and Phunk Studio, each of whom was responsible for one floor. Standard room features include Kiehl's toiletries, Wi-Fi and what we think all hotels should offer – complimentary non-alcoholic drinks, and Nespresso machines. **Daven Wu**
